Alcohol:	14.9%
Cooperage:	30 months in French oak; 60% new
TA:	6.6g/l
pH:	3.72
Price:	\$240

## Winemaking Comments:

The 2018 Moon Mountain District 'Block 14' Cabernet Sauvignon is a commanding expression of its rugged, high-elevation origin. Grown at nearly 1,700 feet on the volcanic slopes of our Mountain Terraces Vineyard, this 100% Cabernet Sauvignon captures the essence of Moon Mountain terroir with power, depth, and precision. The nose bursts with dark, seductive aromas of blackberry, cassis, and crushed rock, accented by hints of wild herbs and spice. On the palate, it's bold and expansive, with a dense, velvety texture that reveals layer upon layer of black fruit and minerality. Firm yet polished mountain tannins provide structure and longevity, carrying the wine through a long, resonant finish that lingers with notes of savory spice and graphite. Meticulously farmed and crafted with a minimalist winemaking approach, this limited production wine—only 100 cases made—embodies both strength and sophistication.

Built to age gracefully for 10 to 15 years, the 2018 'Block 14' Cabernet Sauvignon pairs beautifully with richly flavored dishes such as grilled ribeye, braised short ribs, or rack of lamb, as well as aged cheeses like Comté or Manchego. For a bold finale, savor it alongside a dark chocolate tart with a touch of sea salt.
